PAW Protector

❄️ SNOW & ICE MELT ❄️

Paw Protector is a proprietary Blend safer for Pets.
Paw Protector is a Blend of high performance agriculturally enhanced deicing products.

- ❄️ Performs to -22°F
 - ❄️ Pet & Environmentally Friendlier
 - ❄️ Leaves NO visible residue
 - ❄️ Far less corrosive than rock salt and it's water soluble
- 

Paw Protector has unique coloring, enabling you to see where the product has been applied and helps prevent over application. Use is typically 20% - 40% less and a half as often as compared with other plain salt de-icers.

DIRECTIONS FOR USE:

For best results, remove all loose snow and slush from driveways, steps and walls. Apply 1/4 -1/3 cup per square yard. Melting will begin almost immediately and continue for longer than ordinary products. Thick accumulations will require additional applications. Keep package closed when not in use.

WARNING: KEEP OUT OF REACH OF CHILDREN.

Ice melting agents may be harmful when extensively or repeatedly applied to concrete surfaces. Particularly vulnerable are poorly constructed porous concrete mortar joints between brick and flagstones will cause less damage resulting from freeze thaw cycles than other commonly used de-icers.

FIRST AID:

Eye irritant, in case of eye contact, flush with water for 15 minutes. If irritation persists, seek medical advice. Prolonged skin contact may cause irritation, wash thoroughly. If doses are swallowed, will cause gastrointestinal irritation. Consult with a medical professional.

Active Ingredients	CAS No.
Sodium Chloride	7647-14-5
Potassium Chloride	447-40-7
Magnesium Chloride	7791-18-6
Potassium Acetate	127-08-2
